A Concise Economic History of the World: From Paleolithic ...

Overview. Grounded in modern economic theory but written in non-technical language accessible even to non-specialists, this comprehensive history highlights events that have contributed to prosperity and material well-being—that is, to "development"—as well as those that have resulted in continued "underdevelopment" for large areas of the world. The first half of the book surveys world history from ancient times to the eighteenth century, outlining the origins of Western prosperity.
