However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work. Some of your search results may also be related works with the same title.

Directed Reading Section How Did

DRA (Betts, 1946) is a strategy that provides students with instructional support before, during, and after reading. The teacher takes an active role as he or she prepares students to read the text by preteaching important vocabulary, eliciting prior knowledge, teaching students how to use a specific reading skill, and providing a purpose for reading.

NEA - DRA (Directed Reading Activity)

Directed Reading-Thinking Activity (DR-TA) is a teaching strategy that guides students in making predictions about a text and then reading to confirm or refute their predictions. This strategy encourages students to be active and thoughtful readers, enhancing their comprehension. The following steps outline the DR-TA process.

Directed Reading-Thinking Activity - TeacherVision

The Directed Reading Thinking Activity (DRTA) is a comprehension strategy that guides students in asking questions about a text, making predictions, and then reading to confirm or refute their predictions. The DRTA process encourages students to be active and thoughtful readers, enhancing their comprehension.
