in Europe today can be better than building one in Silicon Valley.

Exit Strategy - Strategic Exits Blog

Using orders to set your exit strategy There are many different methods for exiting an investment. Here are a few of the more common ones: If you're not ready to place an actual order to plan your exit, at least consider setting a price trigger alert or making a note to document your strategy.

Exit Strategies - Fidelity

The main exit strategy for startups is to sell the company to a bigger one for a profit. The same goes for investors. The buyer takes over the startup using cash or stock as a compensation, and key executives and employees from the startup often stay at the company for a period of time in order to be able to cash out and vest their stock.

What are the best exit strategies for startups and investors?

The traditional exit strategy When investors sit for pitches from startups, they expect the startups to cover the exit strategy. That usually means talking, in the pitch and in the business plan, about how similar companies in similar markets have been able to exit via selling out to a larger company.

What Startups Need to Know About Exit Strategies

One often-overlooked exit strategy is simply to shutdown, close the business doors, and liquidate. There may be a natural catastrophe, like 9/11, or the market you counted on could implode. Make...
