## **Fetus into man: physical growth from conception to ...**

In general, the velocity of growth decreases from birth onward (and actually from as early as the fourth

# Access Free Fetus Into Man Physical Growth From Conception To Maturity

month of fetal life; see below), but this decrease is interrupted shortly before the end of the growth period. At this time, in boys from about 13 to 15 years, there is marked acceleration of growth, called the adolescent growth spurt.
