Other Guidelines. Clinical Nutrition in Critical Care Medicine - Guideline of the German Society for Nutritional Medicine (DGEM).

**ESPEN Guidelines**  
Purpose: To provide evidence-based guidelines for early enteral nutrition (EEN) during critical illness. Methods: We aimed to compare EEN vs. early parenteral nutrition (PN) and vs. delayed EN. We defined "early" EN as EN started within 48 h independent of type or amount. We listed, a priori, conditions in which EN is often delayed, and performed systematic reviews in 24 such subtopics.
