Paper Cuts The How To

Next, if your cut is bleeding, apply pressure to it with a washcloth or bandage until it stops. Finally, let your paper cut heal on its own. If you want to speed up the healing process, try applying raw honey or fresh aloe vera gel to your cut. For more tips from our Medical co-author, like how to bandage a paper cut, scroll down!

How to Treat a Paper Cut (with Pictures) - wikiHow

6. Paper. Tracing paper is used to get your design onto the back of the paper you're going to cut out. If you don't have tracing paper at hand, baking parchment can be used, however working with it is not quite as easy. You'll need plenty of rough paper for creating your designs, and then of course some special paper for your final cut.

Papercutting Fundamentals: Essential Tools & Techniques

Paper cuts are much less of a hazard for designers than they used to be. But they are still pretty much a fact of life, especially when thick paper and card stock is involved. Whether you're creating mock-ups, or absentmindedly fiddling with your business cards, paper cuts are always pure evil.
