In this manual all commands are given in code boxes, where the R code is printed in black, the comment text in blue and the output generated by R in green. All comments/explanations start with the standard comment sign ' # ' to prevent them from being interpreted by R as commands. This way the content in the code boxes can be pasted with their comment text into the R console to evaluate their ...

CNC Programming Manuals User Guides PDF Files - CNC Manual

Software, computers, games, and devices require user manuals, guides that explain how to use the product (and how not to). A user manual is a formal writing piece with a specific structure, and should be written by someone who is intimately familiar with the product such as a technical writer or the product designer.
