Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

### **Social Activism In Southeast Asia**

Social Activism in Southeast Asia examines the ways in which social movements operate in a region characterized by a history of authoritarian regimes and relatively weak civil society. It situates cutting-edge accounts of activism around civil and political rights, globalization, peace, the environment, migrant and factory labour, the rights of middle- and working-class women, and sexual identity in an overarching framework of analysis that forefronts the importance of human rights and the ...
