Real Spacecraft Paper Models for Download - jleslie48.com

7. Unfurl it. Build a model of a space telescope (or use an empty tube or cylinder) and couple it with your Starshade model to exhibit how the whole system will work! Hold a pretend launch for your dual spacecraft and then unfurl your model to represent Starshade in space, being used to block the light from a distant star so a space telescope can directly observe exoplanets!

Student Project: Space Origami: Make Your Own Starshade ...

Whoa. That is so cool. When I was a child I used to build model rockets and satellites. My parents bought me a paper back book that had paper templates inside which you were supposed to cut out and build into a model satellite. This is the coolest model building I've ever seen. I'm looking more into this right now. Let me know how you make out.
