Missing link, hypothetical extinct creature halfway in the evolutionary line between modern human beings and their anthropoid progenitors. In the latter half of the 19th century, a common misinterpretation of Charles Darwin's work was that humans were lineally descended from existing species of apes. To accept this theory and reconcile it with the hierarchical Great Chain of Being, some ...

Missing link | evolutionary theory | Britannica

So, what is the missing link? The answer lies in the disconnect between marketing-orchestrated experiences and buyer expectations. Defining ABM. If you've been reading about how successful ABM adopters are generating 208% more revenue for their effort, but your experience has been markedly underwhelming, you are not alone.
