First, don't write your introduction right away. It's much easier to write a strong introduction once the rest of your paper is complete, or at least thoroughly outlined, according to the University of Southern California Libraries. This will make it more likely that the main ideas and structure of your paper align well with the introduction.

## **How to Write a Research Paper Introduction | Pen and the Pad**

Organize your bibliography records first. Organize notes next (one idea per document— direct quotations, paraphrases, your own ideas). Arrange your notes under the main headings of your tentative outline. If necessary, print out documents and literally cut and paste (scissors and tape) them together by heading.
